

台灣綠屋頂暨立體綠化協會

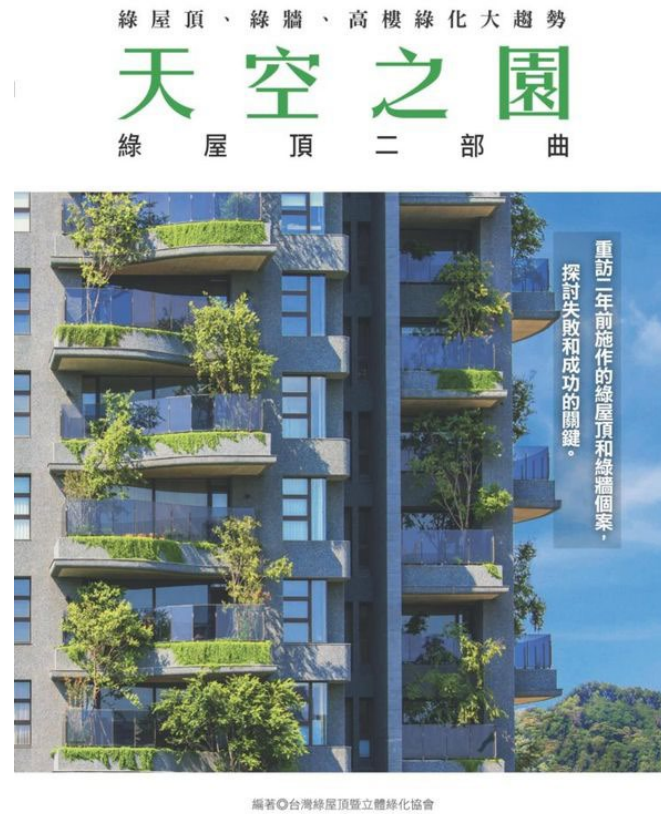

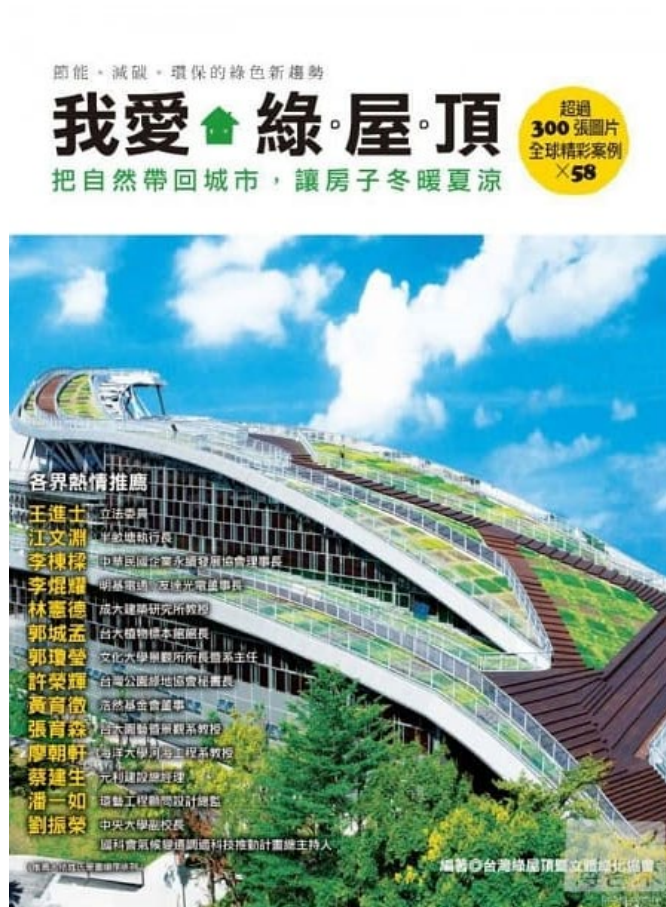

Taiwan Green Roof & Green Wall Association

Taiwan Green Roof & Green Wall Association is formed on May 18th, 2011, by a group of environmental-conscious people consisting of professors, architects, developers, landscape designers and contractors, and horticulture supply companies. It is officially incorporated as a Nation-wide non-profit institution.

OUR MISSIONS:

- Develop and provide products and technologies for the Green Roof and Green Wall industry.
- Establish and publish industry standards and practices.
- Promote and Educate the public on benefits and safety concerns.
- Assist governmental agencies in devising policies and measures to impose compulsory Green Roof and Green Walls.
- Train and certify qualified installers.
- Secure legislative and financial support from government at the Central and City/County government level.
- Liaise with relevant associations in promoting the Green Building concept and practices.

Selected national scientific publication: Parks & Greenland Association publications, “I love Grenroof” published by “Myhouse”.

Various plants are planted on the green roofs of Tainan Municipal Tucheng Senior High School.

Green Roofs with solar panels of Rende Wastewater Treatment Plant.

Green roofs in Rainbowhymnwenchun.
